

Edgar Milá Molero

AI Engineer — Agentic Systems, MCP & LLM Integrations | Full Stack (TypeScript/Angular, .NET, Python)

Cuenca, Spain | edgarmila_10@outlook.com | linkedin.com/in/edgar-mila-molero | edgarmila.dev | github.com/DemboNauta

PROFILE

AI engineer who builds with Claude every day. For the past two years I have led the AI area as its sole owner, designing and shipping generative AI and agentic features in production for Mobilia, one of Spain's top-3 real estate CRMs, used daily by thousands of users across hundreds of agencies: a production MCP server with ~150 tools that lets AI agents operate the whole CRM, a WhatsApp lead-qualification chatbot, document analysis pipelines and AI image editing. I also ship open-source MCP servers and Claude tooling.

TECHNICAL SKILLS

AI / Agentic Engineering: MCP server development, agents & tool use, Claude Code Skills, prompt engineering, LLM chatbots, document analysis & data extraction, AI image generation & editing, WhatsApp Business API

Models & Platforms: Claude (API & Claude Code, daily use, certified), OpenAI, Gemini — model choice per use case

Languages: Python, TypeScript, C# (.NET Core), PHP, JavaScript

Backend: .NET Core, Python services, REST APIs, Web Services

Frontend: Angular 17–20, Ionic 8, React, HTML5, CSS3, TailwindCSS, Bootstrap

Data, Testing & Tools: SQL Server, MySQL · Karma, Jasmine, Cypress · Git, CI, SOLID, Agile/Scrum

PROFESSIONAL EXPERIENCE

Full Stack Developer (Angular, .NET & Generative AI) at Soluciones IP

Sep 2024 – Present | Cuenca, Spain (Hybrid)

- Lead the AI area as its sole owner, building and maintaining all AI features for **Mobilia**, one of Spain's top-3 real estate CRMs, used daily by thousands of users across hundreds of agencies (web app in Angular 20, mobile app in Ionic 8, .NET Core and Python services).
- Designed and built a production MCP server exposing ~150 tools across the CRM (leads, clients, properties, scheduling and visits, offers, billing, e-signatures, conversion analytics), letting Claude and other AI agents operate the full real estate workflow end to end.
- Shipped an AI lead-qualification chatbot on WhatsApp Business that automates first-touch conversations with prospective clients.
- Built an automated pipeline for document analysis and data extraction from client documents, plus AI image generation and editing for property listings.
- Demo AI features to real estate agencies and train non-technical colleagues and users so the features get adopted in their daily work.

Full Stack Developer at Servinet SLL

Apr 2024 – Jun 2024 | Cuenca, Spain

- Front-end development with Angular 17; unit testing with Karma/Jasmine and end-to-end testing with Cypress.

IT Technician (Customer Support) at Canon Inc.

Apr 2022 – Jun 2022 | Spain

- Provided on-site technical support directly to customers: diagnosed hardware issues, installed and configured software, and walked them through the fix.

OPEN-SOURCE & SIDE PROJECTS (AI / MCP) · github.com/DemboNauta

- garmin-ia:** remote, multi-user MCP server connecting Garmin Connect to Claude and ChatGPT, with OAuth 2.1 + PKCE, encrypted tokens and a web dashboard. Live in production. Python/FastAPI.
- skill-doc-generator:** MCP server on npm that turns any documentation URL into a Claude Code Skill, bundling the skill-creator workflow with grader and comparator subagents to evaluate Skills.
- self-hosted-claude-pdf-assistant:** study assistant built on the Claude Agent SDK: answers from your PDFs with page citations, highlights, quizzes and spaced reviews. TypeScript.
- ai-investor:** six autonomous LLM agents comparing two models under identical trading strategies, with persistent memory and a public live dashboard. Python.
- polymarket-mcp:** MCP server exposing live prediction market data (prices, order books, arbitrage and momentum signals) to LLMs. Laravel/PHP.

EDUCATION

Bachelor's Degree in Computer Engineering at Universitat Oberta de Catalunya

In progress — expected graduation: 2028

Advanced Vocational Training in Web Application Development at CIFP N°1 Cuenca | 2022

Intermediate Vocational Training in Microcomputer Systems and Networks at IES Pedro Mercedes | 2019
